IoT, MQTT and Machine learning

Yogesh M Iggalore

Session-1

- Introduction to company profile
- Why Internet of Things
- IoT product development process
- MQTT protocol theory
- MQTT practical implementation
- Live demo on MQTT protocol

Session-2

- What is voice assistance (Alexa , google home)
- Developing IoT product using voice assistance
- Live demo using voice assistance
- Applied Machine learning
- Why tinyML is important
- tinyML live demo
